

SPARTAN

SATA Blu-ray

BD-R/DVD/CD Duplicator

Your Perfect Solution - Now in High Definition

In today's digital world, file size is increasing everyday. With higher resolution photos, sharper and clearer video, or years of archived electronic files, Blu-ray discs become the new standard for data storage and distribution. And the new Spartan SATA Blu-ray Series is your answer for high speed duplication for high definition digital files. Now you can duplicate Blu-ray discs with up to **10 times more storage capacity** (50GB) than a standard DVD (4.7GB)! Designed with strength and style, Spartan SATA Blu-ray duplicators are the fastest SATA duplicators in the market today for Blu-ray discs.

Features:

- **Now Faster Burning Speed** - Faster Blu-ray burning speed — up to 4X (25GB) and up to 6X (50GB)
- **SATA Advantages** - Thin cables for easy routing and improved cooling inside the duplicator chasis, increasing product reliability.
- **Now Available in up to 11 Targets** - Various options to fit your specific needs. Select from 1 target through 11 target.
- Master Error Proof - MEP prevents duplication failure caused by disc errors. Simply exchange the failed master disc with a working disc without interrupting the duplication process.
- Dynamic Hard Drive Partitioning - DHP automatically adjusts hard drive partitions based on the size of your master disc.
- Smart File Organizer - Organize and access your master files using alphanumeric naming combinations for each disc image.
